# GREEKS RETREAT IN DISORDER

## Uchak Taken By Kemalists

**Key Position Is Captured by Turks and Bruso May Also Fall—Greeks Withdraw, 3 Army Corps Cut Up.**

(By The Associated Press.)  
ATHENS, Sept. 4.—The capture by Turkish nationalists of Uchak, important position on the Greco-Turkish front in Asia Minor is confirmed here today. Dispatches to newspapers indicate that Bruso also may soon fall into hands of the Kemalists.

**THREE ARMY CORPS BADLY CUT UP**

(By The Associated Press.)  
ADAN, Asia Minor, Sept. 4.—Three Greek army corps in the Eski-Sheh sector of the Greco-Turkish front have been dispersed and almost annihilated by the Turkish Nationalists, according to dispatches received today from Ankara, the seat of the Kemal government. The Greeks are retreating in disorder, and the Turks have advanced to within twelve miles of Bruso.

**Pickpocket Gets \$100, Old Man's Life Savings**

NORFOLK, Va., Sept. 4.—A pickpocket in Norfolk today has almost stolen the heart of an old man. He stole the savings of a life time from that old man's pocket.

M. B. Midget, of Buxton, N. C., a retired Coast Guard man, who is the proud owner of a Congressional medal of honor won years ago by a daring exploit in saving lives in a storm, is in Berkeley today with his wife, hoping against hope that police will find the man who stole all the money he had in the world.

Night before last he was in Cape Charles, where he had gone with his wife to accompany their daughter that far on her way to New York. He went to the Cape Charles hotel and reached in his pocket for money to pay the bill in advance when he found his wallet was gone.

He had saved up enough money to buy a little home at Buxton and \$100 besides, all the money he had in the world. He was retired from the Coast Guard service under the 30-year clause, but the retirement pay is only enough to live on, and this \$100 had been saved to pay the price of a second honeymoon for himself and his bride of threescore years.

When he discovered his plight he appealed to the police, but they had been able to give him any help. Officials of the Pennsylvania Railroad operating the steamer from Cape Charles to Norfolk gave the couple a berth for the night and they came to Norfolk to look for the thief with relatives in Berkeley before returning to the quiet and peace of their Buxton home.

## Fair Grounds Are Improved

**Shows and Free Attractions Booked Indicate a Large and Successful Event—Fireworks Feature.**

Secretary H. B. Watkins and his assistants are busy making preparations for the agricultural fair in October. The corps of advertisers have put in two weeks of hard work decorating the buildings, bridges and fences along all the principal highways throughout the several counties around Danville, leading into the city. Something like 5,000 pieces of advertising matter have been put up in this territory and 3,500 premium lists have been distributed. Hundreds of letters are being sent out to exhibitors. Workmen are busy on the new fair grounds building, the much-needed band stand and ticket office, and making all necessary repairs to buildings, stalls and fences. A number of fine herds of pure bred cattle and swine have been engaged, and the indications are that the stock exhibits will be among the best in the state. Definite arrangements have been effected for holding the poultry show. Special attention is being given to the needs of bird fanciers. Local chicken breeders are especially invited to exhibit.

The annual program for the fair is practically complete. T. A. Wolfe Superior Shows, now playing the middle western and Northern State fairs, has arranged with the Danville Fair association to bring to Danville from Trenton, N. J., State Fair to Danville and from here to the North Carolina State Fair at Raleigh. This carnival company with 18 shows and five ride-in devices is said to be one of the cleanest and largest shows in the country. They come to Danville with the highest recommendations from the managers and secretaries by the fair association. The fair association has been engaged by the fair officials. The feature act, The Duttons, known as "Shoredom's Fashion Plate" of the riding world, 25,000 in horses, traplines and wardrobe will give a performance twice each day during the fair week. The Delmore Trio will also give two performances each day during the fair. There are also other free attractions. Music during the fair will be furnished by the well known Victor band who have engagements with the lead-fairs of the state during this season.

The fireworks program, the most

## MT. KILAUEA IN ERUPTION

### DAUGHERTY STANDS FIRM Lava Flow Pours Down Mountain

**Won't Discuss Injunction In The Newspapers**

(By the Associated Press.)  
WASHINGTON, Sept. 4.—The government is paying no attention to loose, irresponsible talk about the injunction procured in Chicago against the striking shipmen. Attorney-General Daugherty said in a telegram to the New York Herald. The paper invited him yesterday to reply to charges of lawful acts prohibited by the injunction, that it is in violation of the Clayton act. Daugherty added: "The government's answer to all discussions will be due time he made in open court if it's necessary."

**MARSHALS ARE READY TO ENFORCE INJUNCTION**

CHICAGO, Sept. 3.—The beginning of the 10th week of the country-wide strike of the railway shippers found 5,500 United States marshals mobilized to uphold the drastic temporary injunction obtained by the government on Friday to prevent lawless violence and keep the nation's transportation machine running.

From Chicago, as a center of railroad activities, was directed the work of enforcing the injunction pending the hearing to make it permanent on September 11. A mass of complaints and allegations of conspiracy and attempts to ruin property and jeopardize life were being collected today for the use of Attorney General Daugherty in support of his application to make the injunction permanent. It will not be alleged that the strikers are guilty in most of the outbreaks of violence reported, but the government, it was said, will maintain that actions of the strikers or strike leaders caused the violence.

Extra forces of deputies have been sworn in by United States Marshal Robert R. Levy and are being dispatched to railroad shops and terminals to watch for acts forbidden by the order. In addition, by Federal Judge Wilkerson. A thousand writs were prepared in the federal building and sent to all parts of the country for service on the labor leaders named in the injunction. E. M. J. head of the shippers, could not be found, and it was reported he was in the east. John Scott, secretary of the shippers, remained at his desk at the union headquarters.

"I haven't violated any law," he said. "This organization never did sanction or condone violence. But we are going to carry on the work of the organization without fear or greater harm to befall the union. The union is intended to restrain us from so doing."

Meanwhile, three different pictures of conditions in railroads were painted and but for seven executives, government officials and union leaders.

"We are moving the business; our men are coming back to work in increasing numbers, general conditions are steadily improving and, the strike is broken," was the consensus of opinion of the executives.

Federal officials engaged compiling the lists of acts of violence for the hearing on making permanent the injunction. The list of acts of violence presented in court by the attorney general in which he declared that half the locomotives in the country had been tampered with and that more than 1,000 mail trains had been cancelled.

Union officials reiterated previous statements that if the strike continued the railways would be paralyzed within 30 days.

In connection with the appointment during the past two days of marshals and deputies, the following statute was cited by officials of the department of justice being section number 1.

"The marshals and their deputies shall have in each state the same powers in executing the laws of the United States as sheriffs and their deputies in such state may have by law in executing the laws thereof."

Still further explaining the power of the chief executive, federal officials quoted a decision by the Supreme court, as follows:

"So if the president or the attorney general is advised that the mails of the United States, possibly carrying treasure, are liable to be robbed and the mail carriers assaulted and murdered in the particular region of the country, who can doubt the authority of the President or of one of the executive department to provide a sufficient guard, whether it be by soldiers, the army or by marshals of the United States."

### Plane Wrecked In Brazil Flight

Here's the wreck of the Sampaio Correia which crashed into the sea off the coast of Cuba on the way from New York to Brazil. A new plane is being prepared for Walter Hinton; pilot, and his crew.

### Winking Eye Tells Parents Boy Is Not Dead

WINCHESTER, Sept. 3.—Maryland Farmer, 12-year-old son of Asbury Farmer, of Gainesboro, was thought to have been killed yesterday when he was hurled headlong from a bicycle that broke while going down a hill, landing about 30 feet away on a hard road.

The boy lay unconscious 12 hours, and most of the time his pulse was so faint as to thoroughly alarm and distract his parents.

He was, however, seen to wink his left eye, and then the other, and consciousness gradually was restored, but he still suffers from a severe gash and bruise on his left temple.

### Latest Outbreak Is in Same Location as One Last July Its Duration Uncertain.

(By The Associated Press.)  
HILO, Hawaii, Sept. 4.—Kilauea, the volcano, is in eruption and a new flow of lava is reported on the south side of the Kilauea Iki fire pit in the same location as the outbreak last July. Professor Jagga, local authority, declined to predict the duration of the latest outbreak.

### Negro Arrested On Old Charge

When Clayton Walker, colored, was arrested by Sergeant J. H. Martin yesterday, his expression was one of great surprise, for so far as he knew he had been behaving himself recently. Walker was informed that he was wanted on a charge of gambling, the alleged offense having been committed last April. Walker was on duty and made his getaway when officers arrived.

"That policeman sure can remember far back," remarked Walker when asked if he wished to make a statement, but he made no denial of the charge and a fine of \$5 and costs was imposed.

## Raps Conditions On Virginia Farm

### Free-For-All On Prospect Street

A pitched battle, in which almost every imaginable weapon for attack and defense was used, resulted this morning in fines of \$10 and costs each being imposed on the participants.

Lawson, Burd, Laura, Anderson, Cardell Douglas and Mary Hall, all colored. The fight occurred on Prospect street late Sunday.

Conflicting tales of the encounter were told before the mayor, enough of which was sufficient to show that all parties were at fault. The row seems to have started between the two negroes with the men coming into it later and before it was over, a razor, a hatchet, a bottle, a piece of whiskey, a pop bottle, bricks and rocks were used. No serious injuries were sustained, although a number of slashes and bruises were evident on the faces and heads of the negroes in court this morning.

The following other cases were disposed of in court:

Jesse Lyle, fined \$10 and costs for violating the Mapp act. A fine of \$10 and costs was also imposed on Lyle.

W. N. Phillips fined \$10 for an alleged violation of the Mapp act. A similar charge against W. W. Williams, was postponed on account of the absence of witnesses.

F. R. Watkins fined \$16.95 for speeding.

Fines of \$10 and costs were imposed on Sylvester Smith and James Harrison for violating the Mapp act. Both were released.

Nat Lewis was made to pay \$30 and costs for carrying a pistol concealed from view.

Elise, colored, fined \$25 and costs on a charge of operating a disorderly and ill-governed house on Newton street.

John Anderson, colored, explained that the brakes on his car were not working, as the cause for parking the "stop" paddle, but a fine of \$10 and costs was imposed.

For interfering with an officer while he was performing his duties costs \$10 and costs were imposed on Mary Williams, colored, for passing the liquor violators of the officers' approach.

Tom Martin, colored, fined \$10 and costs for violating the Mapp act.

A fine of \$5 and costs was imposed on H. H. Sadler for an alleged assault on R. T. Brightwell. The disturbance took place in Sadler's restaurant on Craghead street. Alleged poor service charged by Brightwell, a patron, followed by the assault.

H. E. Ikenberg fined \$10 and costs for violating the liquor law.

For creating a disturbance in a restaurant on Union street cost \$10 and costs were imposed on L. M. Gardner \$25. He is said to have been disorderly when the proprietor refused to sell him a Coca-Cola on Sunday, which is a violation of the law.

Thos. Matthews, colored, fined \$50 and costs for driving automobile while in intoxicated condition.

F. L. Douthat was fined \$14.45 for being under influence of liquor.

A fine of \$5 and costs was imposed on having a small quantity of liquor on his person.

The last two arrests were made yesterday evening, but at half past seven today the Danville police department, in which every case is docketed at the time of arrest, showed no entry.

### System of Handling prisoners Is Considered Wrong and Out of Date—Money Is Wasted.

(Washington Correspondent of Danville Bee.)  
WASHINGTON, D. C. Sept. 4.—The Virginia Prison Farm just outside Richmond, is badly in need of reform, it was charged today by Mr. E. E. Dudding, President of the Prisoners' Relief Society, who has been making an investigation of conditions there.

The system of treating, working and guarding the prisoners there under Captain Penn is entirely wrong and out-of-date; immoral practices are followed in the treatment of prisoners, and the system is wasteful of money and salaries of unnecessary officials on the farm, and the prisoners come away from the prison farm at the conclusion of their terms much worse men than when they went there, Mr. Dudding charges.

He recently called the attention of Governor E. Lee Trinkle to some of the alleged abuses at the State Prison farm, which are backed up by affidavits of persons who have been there, and promises to reveal unpalatable conditions existing there unless the governor brings about changes in the system. Mr. Dudding stated today that one of the primary reasons for the failure of Governor Davis to win his contest for the U. S. Senate was his failure to bring about reforms in the State institutions and predicted that Governor Trinkle's administration would be a failure if he does not correct abuses at the State Prison Farm and other State institutions.

Mr. Dudding took a prominent part in revealing the "very unsatisfactory conditions which obtained at the Richmond State Prison, and he has been three years ago which brought about distinct reforms and numerous changes in the prison officials personnel.

"The idea of having 30 guards at the Virginia State Prison farm, to guard 200 persons, is a foolishness, and is a relic of the treatment of prisoners fifty years ago, and now has no place in the penal system," declared Mr. Dudding. "How are you going to make men out of prisoners who are guards standing over them all the time."

"The prisoners at the Virginia State Prison should be put under the honor system. What is needed there instead of Captain Penn is a good practical farmer to run the farm, with just one or two guards to look after the 130 prisoners under the honor system.

"In that way the State could have the salaries of 400 guards and make the farm a real money-maker for the State instead of a heavy burden on the taxpayers."

"I have affidavits from men who have served at the State Prison Farm charging that the wages and salaries of the guards are paid to the guards, and that the food belonging to the sick prisoners. In that way instead of getting the good, nourishing food intended for them they go hungry."

"It was reported to me a short while ago that some of the guards near the State Prison Farm and take the prisoners there and work them for nothing."

"Governor Trinkle should give this first hand attention to the prison farm because I believe he can work reforms there that will make for better men after the prisoners leave the institution and will bring about a saving of \$25,000 a year for the taxpayers."

"Capt. Penn has been in the prison for years at the State Prison in Richmond. His ideas about treatment of prisoners and keeping them on the farm through force is a relic of the past, and is wrong. Let him resign and let about putting prisoners on the honor system as is done in some of the best State farms in the country with great success."

## Umpire's Word Terminates Game With Near Riot

### Morning Clash With Greensboro Runs Ten and Half Innings With 2 to 2.

Umpires Harper and Thomas, with the aid and persuasion of the wizard, Manager Carroll, yesterday called a ball game with a tied score in the middle of the eleventh inning at 11:53 o'clock, thus depriving the Danville team of its inning after Greensboro had had its eleventh turn and had failed to score.

The crowd was greatly incensed and the efforts of the ball players and the police in preventing a riot was averted. Umpire in Chief Harper resorted to strategy and put on his windup as if to resume play, and in this way the angry crowd was cleared off the field. But the disappointed crowd hooted and jeered the umpires and the visiting players and whenever their cars passed a group, the offenders were stormed with anger and criticism. The umpires richly deserved the roasting for more arbitrary and unjustifiable acts than had been witnessed on the local field in three years. Had it been determined to call the game indecisive, it should have been called at the end of the tenth inning, instead of after Greensboro had had its half.

The contention of the Greensboro manager and the two umpires who seemed strangely subservient to Mr. Carroll's wishes, was that it was 12 o'clock when the game was called, timing by the umpire's watch, but this assertion is not borne out by the facts. The game was started on the stroke of 10 and it lacked seven minutes of 12 and with the eleventh inning unfinished when the chief umpire arbitrarily called the game. But for the strategy used in getting players all the field, trouble would certainly have resulted. Well known and conservative citizens went on to the playing field and joined in the earnest and aggressive protest. Danville had an excellent chance to win and has been deprived of that chance in the tenth when the Greensboro manager pointedly passed Trexler, justifiable strategy, perhaps, but of course that disgusted Trexler and the crowd and caused the headline of the

### Halifax County Has Aged Negro

Halifax county can boast of one of the "oldest men." Living within three miles of News Ferry is "Uncle" Warren Meddly who is reputed reliably to have attained the age of 117 years. Meddly is said to have been a slave of the late James Meddly. Despite his great age his health is good and he is able to be about. J. A. Meddly and members of his family of South Washington, D. C., called to see the aged negro yesterday.

### Conrad Case Is Continued

The case against Mr. and Mrs. George F. Conrad charged with operating a disorderly and ill-governed house near the baseball park in North Danville, was called in the mayor's court this morning immediately after the regular session, but was continued until next Saturday morning at 11 o'clock, owing to the absence of Mrs. Conrad. Mr. Conrad was present but it was regarded imperative that Mrs. Conrad be present. Conrad was put under a recognized bond of \$250 and requested to have his over to arrange a similar bond.

Damaging evidence was presented this morning by three young women, who were put on the stand because they could be present next Saturday. The gist of their testimony was that they had stayed at the Conrad house, where it was located on lower North Main street, for immoral purposes and that Mrs. Conrad knew of it and at times would send after them. However, the Conrads have moved to the vicinity of the baseball park and considerable complaint has been made recently. The parent-teacher association and members of the board of trustees of Stonewall Jackson have been alive in making the complaints. About fifteen women who are interested in the case, were present this morning and heard moral testimony.

### Labor Day Here Is Quiet Affair

Labor Day is being celebrated on a small scale today. The Dan River Mills are working, the operatives having elected last July to celebrate the fourth and Labor Day on two consecutive days. The banks and the post office are closed today however, and for those who are not working there are numerous methods of entertainment. There was a morning game with Greensboro at Stonewall Jackson Park, there is a horse race on Wednesday at Park Springs, and a dance with a dance tonight. The local theatrical season will open tonight at the Majestic and this is expected to be a drawing card.

### Hinton Hops Off Again

(By The Associated Press.)  
SEATTLE, Sept. 4.—Walter Hinton, Sage, left for Key West on the second leg of his trip in Sampaio Correia II at 8:35 this morning.

TWO

## Majestic Will Open Monday

The theatrical season at the Majestic will be resumed today, September 4th with the daily presentation of the new and old motion pictures. The regular road-show season will be inaugurated on Wednesday, September 13, with the presentation here by an excellent cast of the sensational and unusual drama, "The Ring," which made a profound impression on those who saw it last season. This is one of thirteen first-class attractions already booked by the management, with a prospect of these being supplemented as the season advances.

The Majestic will again be under the management of M. F. Schermer, who has for some time been in charge, with a growing success and popularity. Mr. Schermer's work has not only assured his retention of the management, but his uniform success in the work and his tact in dealing with all with whom he comes into contact have won him very general esteem. He will have a capable staff and corps of employees.

During the summer closed season the theatre has been retouched and renovated and will be bright and fresh in appearance when it opens its doors to patrons on Monday. The first big road show, "The Ring," has been booked for the Majestic season, but one of these had to be cancelled, owing to the long time from the arrival of the company here until nearly 10 p. m.

Among the big successes of the season which are now booked are "The Winter Garden Passing Show of 1921," scheduled for December 4, "The Cat and the Canary," another unusual drama, and several musicals and musical comedies. The "Cat and the Canary" will be here on September 23 and will play a return date here in February next. "Lasses" White and Neil O'Brien's musicals are booked to open at the seat sale for road attractions will be opened to the Majestic box-office four days in advance of each attraction and will remain open from 10 a. m. until 8 p. m. Mail orders for seats, if accompanied by check, will be accepted and reservations made.

The entire list of bookings thus far and the date of each are as follows:

"The Ring," Wednesday, September 13, "The Cat and the Canary," Friday, September 22, "Welcome Stranger," Tuesday, October 3, "The Circle," Monday, October 23, "Lasses White Musical," Thursday, November 2, "Tangerine," Friday, November 10, "Winter Garden Passing Show of 1921," Monday, December 4, "First Year," Friday, December 15, "Neil O'Brien's Musical," Tuesday, January 2, "Anna Christie," (With Pauline Lord) Friday, January 26, "The Cat and the Canary," Tuesday, February 6, "Al G. Field's Musical," Tuesday, February 20, "Blossom Time," Monday, March 12.

## BLAST WRECKS PUMP STATION

LAKELAND, Fla., Sept. 2.—The Atlantic Coast Light house pump station here was partly wrecked by a dynamite explosion, the blast blowing out one end of the building and putting one pump out of commission. The engineer was at his home about 100 yards from the station when the explosion occurred and no one was injured.

## DISCIPLES OF CHRIST ELECT NEW OFFICERS

WIONA LAKE, Ind., Sept. 3.—T. W. Grafton, of Indianapolis, was elected president of the international convention of the Disciples of Christ (Christian Church) which recently received its charter as a corporation under the laws of Illinois for the purpose of formulating an organization throughout the United States.

"Our work is such that we cannot admit to our membership those who belong to labor unions or those known as the capitalistic class, employing labor," states a booklet issued by the society, in which its principles are outlined. "We do this that we may be able freely and boldly to hold the scales between them."

Men and women of American citizenship and eighteen years of age or more are eligible for membership. The society is not incorporated for profit.

"This society is an outgrowth of the numerous strikes that have beset the nation and which we believe are fraught with grave peril to the nation," said Marvin W. Hinshaw, founder and Supreme Commoner.

The object is to awaken the great masses to dangers we are facing because of wasteful, useless, havoc-making strike such as the coal strike, rail strike, the recent car strike in Chicago and many other forms of industrial warfare throughout the country.

"Through all these ordeals the public, bearing the brunt of the burden, has gone on watchfully waiting with a saint-like patience. This is a call to arms, not to the views of alarmists. We believe it is high time that the public so organize that its sentiments may crystallize into a stern and powerful voice that will become so effective that these useless industrial conflicts may be doomed."

The new wing is nearing completion and the swimming pool which has been hewn out of rock encountered in excavating in the basement will be the last word in this kind of construction. Additional dormitories have also been included in the wing. The personnel of the faculty is as follows:

James P. Craft, President, Bible and Psychology; Anna M. Baker, Dean, Mathematics; Lois Cody, History; Jera Jameson, Latin; Elizabeth Hall, English; Orna Lee, French; Frances Shumate, Science; Bonnie Alderson, sixth and seventh grades; Eugen Putnam, Piano; Miss Helen Gannon, Piano; Miss Susan Turner, Piano; Miss Winifred Olmy, Voice; Miss Louise Paulsen, Violin; Miss Nelson Hackett, Art; Miss Penelope Morgan, Home Economics; Miss Salome Bailey, Secretarial and Commercial; Miss Phyllis Adams, Expression; Mrs. Mary Mays, Dietitian; Mrs. N. Baker, Matron-Nurse; Miss Sadie Garrett, College Office; Miss F. J. McCullers, Librarian.

## BARKER-DODSON Interesting Wedding Uniting Two Well Known Families at Ringgold Church

The Ringgold Baptist church was the scene of a beautiful wedding at 2:30 o'clock yesterday afternoon, the contracting parties being Miss Ethel M. Dodson, daughter of Mr. and Mrs. H. J. Dodson, and Hugh W. Barker, a successful young farmer of the Ringgold section. The wedding ceremony was impressively performed by the Rev. Mr. Kesler, pastor of the church, in the presence of a large congregation of the friends of the bride and bridegroom and their families.

The church had been attractively decorated for the happy event with fragrant trailing clematis and potted plants. Three arches erected against a green background for nuptial effect setting for the bridal picture as the party stood grouped before the officiating clergyman.

Preceding the entrance of the bride party, Walter R. Dodson rendered on the violin "A Perfect Day," after which Ernest L. Dodson, brother of the bride, sang the popular air, "Because," being accompanied at the piano by Miss Helen Keeling.

The musical prelude concluded, the strains of the Mendelssohn wedding march announced the entry of the bride party, which was in the following order: Messrs. Edgar Dodson and Felix Wiles, Alvin Dodson and Claude Walton, ushers; then little Misses Janie Bennett and Virginia Walton, flower girls, lovely in their white organdie frocks and carrying tall baskets of roses and asters. Master Henry Dodson, ring bearer; the maid of honor, Miss Fannie E. Dodson, sister of the bride, gowned in white tulle, wearing a white picture hat and carrying pink Killarney roses.

Then the priest changed the march to the joyous one from "Lohengrin" as the bride appeared on the arm of her father and began the stately descent of the aisle. She wore a charming trailing suit of blue tulle with hat to match, and carried a shower bouquet of bride roses. The bride and her father were met at the altar by the bridegroom with his best man, C. W. Dodson, of Danville.

The familiar words of the wedding service were soon said, the mutual vows taken and a benediction pronounced by Mr. Kesler, after which the party left the church in inverse order. Just after the wedding and the congratulations of friends, Mr. Barker and his bride left by automobile for a Southern tour.

The bride is a beautiful and charming young woman who has been much admired and is greatly beloved. She will make her home in the neighborhood of the parental roof-tree.

## SEEK TO CLOSE BREACH BETWEEN CAPITAL-LABOR

CHICAGO, Sept. 3.—To close forever "the widening breach between capital and labor" is the main purpose of the Society of American Communists, which recently received its charter as a corporation under the laws of Illinois for the purpose of formulating an organization throughout the United States.

"Our work is such that we cannot admit to our membership those who belong to labor unions or those known as the capitalistic class, employing labor," states a booklet issued by the society, in which its principles are outlined. "We do this that we may be able freely and boldly to hold the scales between them."

Men and women of American citizenship and eighteen years of age or more are eligible for membership. The society is not incorporated for profit.

"This society is an outgrowth of the numerous strikes that have beset the nation and which we believe are fraught with grave peril to the nation," said Marvin W. Hinshaw, founder and Supreme Commoner.

The object is to awaken the great masses to dangers we are facing because of wasteful, useless, havoc-making strike such as the coal strike, rail strike, the recent car strike in Chicago and many other forms of industrial warfare throughout the country.

"Through all these ordeals the public, bearing the brunt of the burden, has gone on watchfully waiting with a saint-like patience. This is a call to arms, not to the views of alarmists. We believe it is high time that the public so organize that its sentiments may crystallize into a stern and powerful voice that will become so effective that these useless industrial conflicts may be doomed."

## TREATY CLEARS ATMOSPHERE IN EAST—DENBY

SAN FRANCISCO, Cal., Sept. 2.—The four-power treaty has cleared the atmosphere in the Far East," Ed Denby, secretary of the navy said today on his arrival here on the transport Henderson from his visit to China, Japan, the Philippines and Hawaii.

The Washington conference and the treaty resulted in a better understanding between Japan and China, according to Secretary Denby, and conditions to bring about improved relations between the two nations. He said Japan showed every intention of living up to the provisions of the treaty. He declared street crowds in Japan showed a more friendly attitude toward America than formerly.

## DANVILLE COUPLE WED AWAY

Mr. and Mrs. George W. Burton of this city announce the recent marriage of their daughter, Miss Ethel Burton, to Robert L. McDowell, also of this city. The ceremony was performed in Chase City last Monday morning at nine-thirty o'clock at the parsonage of the Presbyterian church. Rev. Mr. Herreck was the officiating minister. The bride was wearing relatives at Chase City, and the young couple took advantage of the opportunity for a quiet marriage. The bride is a popular and admired young lady among her friends.

Mr. and Mrs. McDowell will make Danville their future home.

## THREE GIRLS ARE ORDERED ARRESTER IN DURHAM, N. C.

The police who have been trying to locate Connie Lea and Gertrude Williams, two young girls of this city who it is charged by the authorities were abducted by Gus Dowdy and Herman Clark, were found yesterday at Durham, N. C. The authorities of that city wired to Chief of Police James A. Bell saying that not only also of this city. Chief Bell asked that they be held as incorrigibles. Yesterday the two young men charged with abduction were held in the city jail. A hearing before Judge Johnston was granted until September 15th.

## GOOD WILL CENTER DOING GOOD WORK

The "Good Will Center" on the corner of Claiborne and Henry streets, with Miss Arendall as superintendent, was opened for service January 31, 1922. Each day during the week the building is open to help in any way for the uplift of the community. The following is a summary of the daily activities:

Visits, 1,022; prayer services in homes, 5; prayer with individuals, 10; Bibles placed, 12; professed conversions, 4; garments placed, 287; work secured for members, 4; literature distributed, 19; clubs held, 6; average attendance, 27; prayer meeting each Thursday evening with average attendance of 45; doctors called, 22; music pupils, 17.

The baby clinic has meant much to the members, the doctors and nurses advising and prescribing for 548 mothers and children. Many children have enjoyed the playground which is opened twice each day.

## NEWS OF CHATHAM

CHATHAM, Sept. 2.—The Pittsylvania county Woman's Temperance Union held their annual convention at the Chatham Training school on Friday. The attendance was very good and the well arranged program was thoroughly enjoyed by all present. The morning was given up to entertainment. The business was at the afternoon session. The speaker of the occasion was Rev. Dr. Shelburne, of Danville.

Miss Woods of Roanoke are guests of their grandmother Mrs. E. V. Moon.

Mrs. C. L. Carter delightfully entertained the North End Hook club on Friday night. Six tables were filled and the evening was of much pleasure to all, closing with the serving of delicious refreshments.

Misses Sallie and Allie Shepherd returned this week from visiting friends at Charlotte Court House. They spent several days with relatives in Charlotte county.

Miss Powell, principal of the Chatham Episcopal Institute returned from her vacation this week and will now be busy making ready for the institute opening which will be about the fifteenth. The enrollment promises good this year and indications are that the season will be very good.

The weather for the week has been fine for saving tobacco and farmers have been busy harvesting. From every section comes the report that it is curing bright but not very heavy.

Mrs. Zack Lanier Whitaker of Oak Ridge, N. C. is visiting her parents, Mr. and Mrs. Greenhaw Maury.

## An English Fog Did This

Three men were killed and a number seriously injured when two trains crashed in a fog near Gravesend, England. Part of the wreck went into the canal which runs alongside the line.

## SUBSTITUTIONS OF COAL MEASURE IS NOW PROPOSED

WASHINGTON, Sept. 2.—Substitution of the Senate anti-profiteering bill for the measure passed by the House was proposed today in the Senate by Chairman Cummins, of the Interstate Commerce Committee, who explained that the House bill undertook to regulate intrastate movement of coal, which he considered outside the jurisdiction of the federal government.

Senator Cummins undertook to explain the various provisions of the Senate bill, but was interrupted so frequently that he had not concluded when the Senate adjourned over until Tuesday. Several Democratic senators questioned the constitutionality of the act in the light of the decision of the Supreme court in the child labor cases, but Senator Cummins disagreed with their views.

Mrs. S. J. Walker and daughter Ann, who recently visited Mrs. C. C. Yeatts are in Richmond.

Dr. S. E. Hughes has returned to the city.

Mrs. J. L. Bagby and boys have returned home after a month's stay with her sister, Mrs. Richmond Brown and other members of the family at their old home in Halifax.

## JEWELL GOES TO WASHINGTON

CHICAGO, Sept. 2.—Mystery surrounding the whereabouts of E. M. Jewell, head of the striking shopmen's organization, was cleared away tonight when friends said he had gone to Washington to confer with Samuel Gompers, president of the American Federation of Labor and other labor leaders.

Federal officials have been hunting Mr. Jewell to serve him with a writ of the restraining order, prohibiting shopping from interfering with the nation's railroad traffic. Mr. Jewell, according to friends, departed Thursday.

The writ was issued the following day. Recurrence of reports that Mr. Jewell might transfer his headquarters to Canada to avoid provisions of the restraining order and that he might make a test case of the court action brought a denial from Donald R. Richburg, his attorney.

"Mr. Jewell left Chicago before the writ was issued," Mr. Richburg said. "I do not know where he is but I am certain he is in the United States. He has no reason to conceal himself."

Mrs. T. T. Adams and the Misses Adams returned last week from Buffalo Lithia Springs, Va. Miss Mary Atwell of Smithfield, Va., is the guest of Mrs. Nelson C. Jones.

## BOY TELLS HOW SAWYER PLANNED TO BURN PLANT

WINSTON SALEM, N. C., Sept. 2.—In a preliminary hearing of C. M. Sawyer, prominent business man charged with arson, Willie E. Chatmon, 18, who has been in prison several days in connection with the case asserted that he set fire to the Nissen building where Sawyer's store was located because of offers of money and threats which Sawyer made. Chatmon alleges that Sawyer mapped out the plans, told how the gasoline should be poured over inflammable material, how Chatmon was to escape after the fire started.

## ARMS TRAFFIC QUESTION WILL BE R-EXAMINED

GENEVA, Sept. 2.—(By The Associated Press.) The committee on disarmament today decided that the question of controlling traffic in arms must be entirely re-examined because of the non-ratification of the convention of St. Germain by the United States. It suggests that this be done with the object of finding a basis of possible co-operation with the United States.

The committee makes no suggestion as to an arms traffic conference, leaving it to the assembly of the league of nations to pass upon the question, since the assembly last year adopted a resolution providing for an eventual conference on that subject.

## APPLE CROP BEGINS MOVING

ASHEVILLE, N. C., Sept. 2.—After delay which has caused loss of several thousands of bushels, because of the rail strike, western Carolina's apple crop, representing approximately half a million dollars at current wholesale prices, began to move today with the shipment of a carload of 800 bushels to Columbia, S. C.

## Lahus Tribe Solves a Riddle

RANGOON, Sept. 3.—The Lahus are one of the hitherto little-known tribes—described by Ralph Henderson, an American wayfarer, whose travel pictures have been appearing in the *Rangoon Gazette*. These sturdy, yet sociable, people live mostly in the Chinese province of Yunnan, a wild country bordering on the northeast frontier of Burma. Referring to their life and customs, Mr. Henderson writes:

"We met more Lahus than any other tribesmen. I think Lahus is the tribe's name for itself and means the 'tiger-born' race. The tribe is a big one and spills across into Yunnan, or rather, spills from Yunnan into Burma, since they originally came from China. The Lahus live by agriculture, the men doing a little hunting on the side when they can get hold of a gun that shoots forward, instead of backward or in all directions at once. Every hill man who considers himself of any importance at all must have a gun. There is a factory in Kentung where muzzle-loading guns are manufactured. A few carpenters and blacksmiths exist beneath a big banyan tree and make tools. When a gun is made, some bold workman tries it to see if it will go off. If it does, it is sold at once."

"But not all his men are so fortunate as to be able to secure one of these 'Hsamtun' guns. Many of them, therefore, make their own. Then they make their own powder and shot, and when all is finished have the self-confidence or temper to go hunting with their creation. I carried a repeating shotgun up there, and it is not surprising that I should find it in use. A friend of mine carried an old revolver. He had a few Lahus for it in America, and, since that time, the handle had become broken. He was offered the equivalent of \$65 for it, broken handle and all, by a friendly robber chief."

"The Lahus have a formal and impersonal way of making love. The young men build a fire and the maidens another, these fires within a stone's throw of each other. Then each group sits about its own fire and the courting begins. The groups sing love songs to each other in turn. This may continue for hours. Then at last comes a song saying the time has come for parting, and with that the two groups rise from about their fires and come together for a moment. In this moment, a youth may exchange turbans with the lady of his heart. These exchanged turbans are worn for several days and the whole proceeding serves the same purpose as our kissing and engagement ring. If either party regrets the compact he or she may demand the return of the turbans, and there is an end to everything. Otherwise, marriage follows."

"Thus commonly have large families and, to save a great deal of mental effort on the part of the parents in devising names for their progeny, they employ an ingenious scheme—a

On the left: Bronze-marble tablet presented to President Gompers of the American Federation of Labor at a post-war international labor conference in Europe, as an expression of appreciation of his work in behalf of the toilers of the world. Right: Samuel Gompers.

## THE TRIUMPH OF LABOR

Labor Day is Labor's own holiday, won by Labor, created in recognition of Labor's status in civilized society, and devoted each year to promulgation of Labor's principles for the betterment of all who toil.

Labor Day this year is signalized by a great unity and solidarity among America's toilers.

Their minds are upon the issues uppermost in our country. They came back from a great victorious war against autocracy and junkerism, and they found another war against autocracy and junkerism thrust upon them.

### Splendid Victories

In this they have been splendidly victorious thus far, and they are determined to be entirely victorious.

To permit deterioration or destruction of our standards of life and living means to permit destruction of the best that Ameri-

ca stands for.

It means taking the life out of Americans.

America must continue to be the land of justice for the toilers the land of opportunity, the land of freedom and of democracy.

It must remain, above all others, the land where men and women may find realization of their hopes and their dreams.

### Progress to the Fore

Labor's struggle today is to keep progress to the forefront. That should find the support and sympathy of every true American.

A better America, founded upon sound American traditions, making possible a better, nobler, freer manhood and childhood—That is what Labor wants.

That is worth the seeking, if life is worth the living.

SAMUEL GOMPERS.

## HOBOS OUT OF LUCK WHEN TRAIN TAKES ON WATER

CHICAGO, Sept. 3.—The modern method of "taking water on the run" by fast passenger trains from troughs between the tracks, now in vogue on most of the larger lines, is a great aid to fast transportation but a great discomfort to the tramp traveler. Cases of actual suffering by the "blind baggage" traveler are related in a recent issue of the *Pennsylvania News*, publication of the Pennsylvania vagrant league.

"The water pouring over the tender top will soak the straw wayfarer from head to foot and may possibly sweep him off," the article states. "One tramp, knocked unconscious by such removal from the train, upon regaining consciousness, thought that the locomotive had run into the river."

"On extremely cold nights victims have been frozen. The regulars in the hobo world know where the track troughs are located and crawl up on the coal pile to avoid being soaked. One such passenger, unexpectedly immersed, opened a mail car door and rushed into it seeking protection and the water followed, doing considerable damage to the contents."

"Not long ago another gentleman of perpetual leisure who had suffered his first bath in years, through ignorance of the track tanks' existence, when picked up by the water station engineer, recounted an unfortunate episode with an engineer in Mon-

tana who, one night, when the thermometer descended to new low levels, turned the hose on him when he refused to jump off the tender and by the time the train reached the next town, was a solid mass of ice."

—Harry S. Fox, who has been visiting here has returned to Columbia, S. C.

## Whole System Is Benefitted By Tanlac

Thousands of frail, nervous people and convalescents everywhere have testified to the remarkable power of Tanlac in bringing back their health, strength, and working efficiency. It seems to quickly invigorate the constitution and is a powerful foe of weakness.

"I had constipation and biliousness. I had a headache every day. I had a back ache every night and my knees ached so I could hardly get about."

"Tanlac made a clean sweep of all my troubles." There is not a single portion of the body that is not benefited by the helpful action of Tanlac. It enables the stomach to turn the food into healthy blood, bone and muscle, purifies the system and helps you back to normal weight. Get a bottle today at all good druggists—adv.

The wrong way The right way—  
**To clear your skin**

If your skin is red, rough, blotchy and clogged with dust and oil, don't pinch it and press it. That increases the irritation and sometimes causes infection, should the sensitive skin become bruised by the finger nails.

The use of Resinol Soap and Ointment is a very simple and

pleasant way to overcome this condition. It can usually be relied upon for prompt and satisfactory results even in severe, stubborn cases. Full directions for its treatment accompany every package of Resinol Ointment and Resinol Soap. You will also find there detailed instructions on the care of the hair—why Resinol Soap is ideal for the hair—why it should be adopted for the daily bath.

Your druggist sells the Resinol products

## RESULTS OF FIRST WEEK OF PROBE

MARION, Ill., Sept. 2.—(Associated Press.)—Concluding the first week of its work, the grand jury investigation in the Herrin massacre of June 22 resulting in the death of 22 men, adjourned late today, to reconvene Tuesday morning.

The record for the first week of deliberations showed one man indicted for murder, arrested and lodged in jail, important testimony recorded from about 150 witnesses, the refusal of two men to testify and federal operatives set to watch a number of persons suspected of participation in the riot.

## FALLEN TIMBERS RETARD WORK OF RESCUING MINERS

JACKSON, Calif., Sept. 2.—The work of rescuing the 47 entombed miners in the Argonaut gold mine through an abandoned tunnel into the Argonaut from the Kennedy mine was retarded today by fallen timbers, the official bullet of the rescuers said. The timbers are in the muck that was left by a fire in the Kennedy two years ago. All must be dug out and new timbers put up to prevent a fresh caving. It was reported that these in charge believe it may be four or five days before the tunnel is clear.

### SHOOT AT DOG; KILLS OWN DAUGHTER

JACKSON, Miss., Sept. 2.—Shooting at what he believed was a mad dog, Steven Connor, a farmer residing near Kosciusko, accidentally killed his 14 year old daughter, Lattie, according to word received here today.

## TRUSTEES SALE OF REAL ESTATE:

Pursuant to the terms of a Deed of Trust to me from C. M. Flinn and wife, dated April 2, 1917 and recorded in the Clerk's Office of the Corporation Court of Danville, in Deed Book 100 at Page 55, default having been made in the payment of the debt herein secured, and at the request of the holder of the note secured in said deed I will offer for sale on the premises to the highest bidder at 11 a. m. Wednesday September 6, 1922, the following described lot of land, situate in the City of Danville, with improvements thereon:

Beginning on the Southern side of Main Street at the corner of P. F. Conway's lot, thence along Main Street in a Western Direction 53.1 ft. to the corner of E. H. Waddill's lot; thence nearly at right angles to Main Street with said Waddill's line 334 feet to Watson's line; thence along his line in an Eastern direction 66 feet to said P. F. Conway's line; thence along his line nearly at right angle to Main Street 372 feet to the beginning, it being the same property conveyed to me by said C. M. Flinn and wife in the aforesaid deed of trust.

TERMS: Cash as to \$5,000, with interest thereon from July 1, 1921, together with the cost of executing this trust, all taxes on said property and insurance premiums due and secured in said deed, all estimated to aggregate the sum of \$5,700.00, with the residue of the purchase money payable in three equal installments evidenced by notes of purchaser, payable at 1, 2 and 3 years from date of sale, with interest from date secured by deed of trust on the property sold, (as directed by C. M. Flinn.)

**JULIAN MEADE, Trustee.**

**'LABOR'S REPRESENTATIVE IN THE CABINET'**

**LABOR** has had its separate representation in the federal cabinet since 1913.

The portfolio of commerce and labor had existed previously, but in that year the work of the department was divided, the country's purely commercial interests were assigned to the commerce secretary's care and the post of secretary of labor was created to assume direction of those pertaining distinctly to the wage workers of the land.

It was a department established, as set forth by congressional enactment "to foster, promote and develop the welfare of the wage earners in the United States and to improve their working conditions and to advance their opportunities for profitable employment."

The control of immigration and the enforcement of immigration laws, the naturalization of foreigners transplanted in the country, the compilation of labor statistics and direction of the work of the children's bureau were among the administrative tasks played within its jurisdiction.

Of course the extension of the department's "godly offices" as adjudicator of mediator in labor controversies is an important detail among its duties, and one which has occupied much of the secretary's time in the recent somewhat troublous industrial past.

James John Davis has directed the labor departments activities under the administration of President Harding. A native of Tredegar, South Wales, Davis came to the United States with his parents in 1881, when only 8 years old. He was a puddler's assistant in

**14-YEAR-OLD**

**IS WINNER OF SWIMMING RACE**

**WINNER PARK, Fla., Sept. 2.**—Billy Cavode, the fourteen-year-old star of the Tampa Aquatic club, fought his way out in front of the fastest swimmers in the southeastern A. A. M. meet, and won the national half mile swimming race in 12:41, chipping eighteen seconds off the southern record.

The youngster ploughed his way through the waters of the Lake Virginia, leading from the start and finished inches in front of Jack Cier, of the Windemere Athletic Club who also swam the distance in record time.

Two more records were established by Farrell, of the Pensacola Naval Air Station's team. The sailor made the 11 yards back stroke in 1:16, six seconds under the former record and cut the best time in the 100-yard break stroke race from 1:32 to 1:18.

The Atlanta Athletic Club easily won the meet, with a total of 56 points, its success due largely to the great work of Hatcher in the dashes.

Tampa Aquatic Club finished second with 20 points. Windemere A. A. third with 17 and Miami fourth with eleven.

Pensacola was fifth with ten, White Sanford Kiwanis had three points, and Jacksonville, Y. M. C. A., and Rollins College, one each.

The greatest interest of the day was in the half mile senior national race which Cavode won in spectacular fashion. The youthful Tampa swimmer hoisted from the water at the finishing pier and carried away on the shoulders of his admirers. Experts who saw the race compared Cavode's form with that of Johnny Weismuller, the national swimming champion, and expressed the belief that age and experience would carry the Florida youngster through to the highest success in the aquatic world.

**NEW SWIMMING RECORD IS SET**

**NEW BRUNSWICK, N. J., Sept. 2.**—Miss Gertrude Ederle, of the Women's Swimming association, New York, long distance swimming champion, established a new world's 440-yard record for women today in winning the National A. U. championship over that distance. Her time was 6 minutes 1-5 seconds, 1-3-5 seconds faster than the former mark held by Miss Helen Walnwright of New York.

**ADVENT OF CALIFORNIA COMET**

The advent of the "California Comet,"—Maurice E. McLaughlin marked the matches of 1909 which America lost. In 1910 United States did not challenge but the following year it sent a team to New Zealand and lost. In 1912 the United States didn't challenge and Great Britain won the cup from Australia.

With McLaughlin at his best form the United States went through three rounds in 1913, defeating Australia, Germany, Canada and taking the cup from Great Britain but losing it the following year to Australia. McLaughlin defeated Brooks that year, winning a match, the first set of which went to 17-15.

The games were not held during the war and in 1919, out of deference to the more war-scarred nations the United States remained out, entering in 1920 and winning with William T. Tilden, 2nd, of Philadelphia, who also became British singles champion that year, and William M. Johnston, of San Francisco. It was the first Davis Cup experience for "Big Bill" and "Little Bill," now the mainstays of the team.

Last year 12 nations challenged and the United States successfully defended the cup against Japan which swept its way to the challenge round.

**TRUSTEES' SALE**

**WANTED—REPRESENTATIVE** of good address for a going business; commission profitable; nothing to sell. Address P. O. Box 674 Baltimore, Md.

**SHORTER LETTERS NOW THE RULE**

**WASHINGTON, Sept. 2.**—(United Press.)—Americans are writing shorter letters.

This statement was confirmed today by comparative figures made of the postoffice department upon the weight of the average letter that goes through the mail.

Back in 1907, on the average that there were 40 pieces of first-class mail to every pound.

Now the same data shows that there are 45 pieces of first-class mail to every pound. This means that the weight of the average letter is less, and therefore, shorter.

**MASONIC NOTICE**

Brethren: Attend a called communication of Roman Eagle Lodge No. 70 A. F. & A. M. to be held in Capitol Hall Monday Sept. 4th, at 7:30 p. m. Work in the E. A. Degree. By order of W. M. J. T. VERNON

## FIREWORKS AT DANVILLE FAIR.

A magnificent display of fireworks will be seen every night during the four days of the Danville Fair, beginning Tuesday, October 10th. The fair is sparing no expense to make the display this year the finest ever seen in this city—many novel features will be provided which are entirely new. Thousands of electric bulbs are used to light the grounds at night so the merry crowds can enjoy the vivid and other amusements features.

## "ORDER PUBLICATION."

Issued by order of the Clerk of the Corporation Court of Danville, entered on the 2nd day of September, 1922.

**VIRGINIA.**

In the Clerk's Office of the Corporation Court of Danville, on the 2nd day of September 1922

Millard R. Jordan . . . . . Plaintiff

Jennie D. Jordan . . . . . Defendant

**IN CHANCERY:**

The object of this suit is to obtain from the said Court a decree divorcing the plaintiff, Millard R. Jordan, a vincolo matronom from the said defendant, Jennie D. Jordan, on the grounds of willful desertion and abandonment for more than three years.

And an affidavit having been made and duly filed that due diligence has been used by or on behalf of the plaintiff to ascertain in what County or Corporation the said defendant is, without effect. It is therefore ordered that she do appear here within ten days after due publication of this order once a week for four successive weeks in The Bee, a newspaper published in the City of Danville, Virginia, and do what is necessary to protect her interest in this suit.

A Copy Teste:

## Massacre Probe Starts

Men who are taking a prominent part in the grand jury investigation of the Herin, Ill., mine massacre, June 22, snapped in court as the hearing opened, and the courthouse at Marion, Ill., where the proceedings are being held. Above, left to right, Circuit Judge D. T. Hartwell, presiding judge Major W. P. Greaney, one of the first witnesses called, and Attorney General Edward Brundage, who, with States Attorney Delos Duty (below) is handling the prosecution.

So. Ry. Claim  
Agent Ends Life

NEW YORK, Sept. 2.—Harry C. Hammit, claim agent for the Southern railway in Atlanta, was found dead today in his room at the Hotel Pennsylvania. On a table near his body was a bottle containing poison and several letters in which Hammit said his suicide was caused by a prominent society girl of Rome, Ga., and her family.

To this girl, whose name the medical examiner withheld, Hammit left a note which said he hoped to meet her in heaven. Other letters prepared for mailing were addressed to his mother, Mrs. Ella H. Hammit of Bristol, Va. Miss Ida Patten, Judge Harper Hamilton and Mrs. George G. Stiles of Rome, Ga., also were given a written request that the recorders of the shiner temples in New York and Knoxville, Tenn., be notified.

Local representatives of the Southern railway took charge of the body. Mr. Hammit left a handwritten note addressed to The Associated Press reading in part as follows:

"I regret to take such a step as I am about to take but I have been dragged down until I am miserably unhappy and I have been in this state for some time and it is all caused by a prominent society girl of Rome, Ga." "I really and honestly am leaving the earth because if I stay here I know I will bring unhappiness to people that I now know and I prefer to take chances on the hereafter rather than to bring any more misery to humanity."

"I feel that I have at last woken up and knowing myself as I do, I am not a coward to take my own life."

"Please publish in all Atlanta papers."

(Signed) "H. C. HAMMIT"

There were two postscripts to the note Hammit addressed to The Associated Press. One asked that the note be published in all Atlanta papers and the other referred to Miss Ethel Gordon Stiles and Miss Penelope Stiles of Rome, Ga., as acquaintances.

GIRLS ARE PROMINENT

ROME, Ga., Sept. 2.—Miss Ethel Gordon Stiles and Miss Penelope Stiles of this city, mentioned in the postscript of a note left for The Associated Press by Harry C. Hammit, as acquaintances are race horse trainers residing here, and are prominent locally. Hammit was found dead today in a New York hotel with a bottle containing poison near his body. He left several letters in which he said his suicide was caused by a prominent society girl of Rome, Ga., and her family.

Hammit left here, where he had been stationed three and a half years as claim agent for the Southern railway, on August 8 to visit his mother at Bristol, Va., according to P. L. Ward, head of this division of the company's claim department, stationed at Atlanta. Mr. Ward spoke favorably of Hammit and could ascribe no reason for his suicide. Hammit had been with the Southern for ten years.

According to information from Bristol, Hammit was the last of three brothers to commit suicide.

5,000 Deputies  
and Marshals In  
Readiness Now

CHICAGO, Sept. 2.—(By The Associated Press)—While efforts of the government were directed today toward enforcing the restraining order issued yesterday, prohibiting striking railway shopmen from interfering in any way with the nation's railroad traffic, reports of scattered disturbances continued to be received.

More than 5,000 deputies, United States marshals were ready to enforce today the order and copies were being served on more than 250 union officials throughout the country. "Deputies marshal here said they had obtained service on 'a majority' of these named in the writ issued yesterday by Judge Wilkerson in the federal court at the request of Attorney General Daugherty."

Mr. Daugherty left for Columbus yesterday and Blackburn Esterline his assistant, left here today.

The life of the order extends to September 11, when a hearing is to be held. While the strikers issued a statement through an executive council that the writ would be obeyed, the fight was claimed to continue the strike in a lawful manner.

No comment on the federal action was forthcoming from the United States railroad labor board today where members were busy with the hearing involving the maintenance of way employees request for an increase in wages.

NINE ARRESTED FOR  
VIOLATING INJUNCTION

WATCROSS, Ga., Sept. 2.—Nine arrests were made here today upon warrants charging violation of the strike injunction of the federal courts and the state of Georgia.

Those taken into custody are: R. P. Eason, S. A. Robinson, James Holt, Frank Fitzgerald, Frank Rosberry, W. Arrington, Neal Blunt, Herbert Hamilton, S. A. Toomer, Alexander Tatum, Redding Harper, and Kinley Head. The injunction alleged to have been violated was granted by the federal court of the Southern district of Georgia against striking employees of the Atlantic Coast line.

FLYING AMBU-  
LANCE NEXT

STONEY, N. S. W., Sept. 2.—One of the many hardships that beset "outback settlers" in Australia—the inability of persons to obtain prompt and effective medical care—would be eliminated by carrying out a proposal by the Queensland Branch of the Aero club to establish a flying ambulance for the remote western part of that State.

The efforts of persons who work in the interests of the isolated settlers are hampered greatly by bad roads and in some districts by the absence of roads. An aerial ambulance would overcome this obstacle. Atmospheric conditions are said to be favorable and it is planned to make Charleville the terminus of the western railway, the center of the aerial ambulance territory. Most of the stations beyond Charleville are linked with the telephone system. It has been suggested that every landholder in the area prepare a landing. The estimated cost of the plan is three thousand pounds annually. The Automobile club and the Queensland Branch of the Aero club are co-operating with the Aero Club in the plan.

TO MAKE ADDRESS  
BLUEFIELD, Va., Sept. 2.—Leaders of the railway shop crafts here have advertised that Bert M. Jewell will deliver the Labor Day address at Graham, Virginia, when four thousand railroad men from Princeton, Elmira, Rochester, Bluefield and other places will celebrate. Labor leaders stated that they are confident that their chief will be successful.

JAPAN WILL BE  
OUT OF SIBERIA  
BY OCTOBER

TOKYO, Sept. 2.—(By the United Press.)—Japanese military evacuation of Siberia was getting under way today, according to reports received here.

Officials said that before October every Japanese soldier will have left the Siberian mainland, including Vladivostok and environs, the Maritime Province of the Nikolai region, where Japanese troops and civilians were massacred two years ago.

Japanese troops however, will continue to occupy Northern Saghalien, where they went as a result of that massacre, and to force indemnities. Japanese civilians living in Siberia are reported to be fearful of turmoil after Japanese troops depart. Many of them are concentrating at Vladivostok and a number are "evacuating" with the soldiers—shutting up shop in Siberia and coming back to Japan.

There is much speculation here regarding the aftermath of Japanese evacuation. There are a dozen rival claimants for power in Vladivostok, the Maritime Province and the Far Eastern Republic of Siberia, which has its capital in Chita. Many here believe these factions and bandit groups generally, will fight among each other merely for a while. The Chita government, a protégé of Moscow, may finally take control of Vladivostok and the seacoast region now known as the Maritime Province.

Regardless of consequences, Japanese evacuation of all the Siberian mainland will be completed, high officials of the foreign office and war department said to the United Press correspondent. "We are through in Siberia. We hope to effect a trade and commercial agreement with Chita, but our soldiers will come out, even if the conference fails."

TWO OF GIRLS NAMED  
SAVANNAH, Ga., Sept. 2.—Miss Ethel Gordon Stiles and Miss Penelope Stiles of Rome, Ga., mentioned in the notes left by Harry C. Hammit who ended his life in a New York hotel today, left Savannah last night at 9 o'clock on the Central of Georgia for Atlanta.
